AEROBICS CLASSES

Transform: A total body work out aimed at building strength, balance, posture and flexibility. Workout stations include dumbbells, resistance bands, the stability ball and more. This class may be low impact but be prepared to sweat!

Full Body Flex & Fit: A fun group power class set to a variety of upbeat music. Work all of your major muscles while strengthening and sculpting your body. Body Sculpt uses weight exercises which will increase your metabolism, rebuild bones and change your body composition for a sleeker you!

Muscular Strength (Beginner-Intermediate): fun variety of moves designed to increase strength and range of motion for daily activities, chair support offered for safety; includes: hand weights, tubes & small balls.

Chair Yoga: seated/standing yoga poses; chair support offered for safety, is a great practice for everyone, as it deepens flexibility and strengthens personal body awareness, and is a great stress reducer.

Line DANCE: Exercise your body & mind by dancing to lively, upbeat music. Line Dancing is a fun way to dance socially without a dance partner.

Power Step: Utilizing and adjustable step, this class brings your cardiovascular workout to new heights. Designed to burn body fat, break through fitness plateaus and increase your overall aerobic capacity.

Pilates: Standing and mat exercises using body weight that improves core strength, flexibility, balance and stamina.

Hot Yoga: Improve strength, balance and flexibility while carving out time to center and reconnect with yourself. The guided relaxation at the end will rest and restore you. Each pose offers several levels from beginner to advance to fit each body.

In the event an instructor is unable to teach and is unable to get substitute, we will have to cancel class for that day. We will make every effort to notify class participants. Please make sure you have signed the contact list for the classes in which you participate.
