**Band-tastic** - Awesome alternative to free weights. This class offers resistance training to build, tone and/or rehabilitate muscles to efficiently aid in overall muscle fitness.

**Butts & Guts** - A killer workout for advanced exercisers targeting the lower body and the abs. This workout focuses on muscular endurance rather than strength and involves light weights along with higher repetitions.

**Calorie Cutters** - High impact blast of cardio intervals splashed with toning and core work. Cut those calories with this intense blast of fun!

**Cardio Blast** - Blast your cardio fitness level through the roof with a full class of the best of any type of cardio training the instructor feels like throwing at you! Come prepared to sweat, breathe hard and get super fit!

**Cardio & Core Mix** - Mix it up with this workout that offers 15 minutes of spin at the beginning of class, followed by upbeat cardio workout that is sure to burn a ton of calories. This class ends with a 15 minute core strengthening and stretch session to cool down. A great way to begin the weekend!

**Chair Fitness** - While in a seated position the class uses a combination of exercises to increase flexibility, improve balance & gain strength. Participations work with light weights and bands while sometimes incorporating other equipment. Each member is able to work at their own fitness & comfort level.

**Core & More** - Interval style class that alternates between strength training and cardio all while focusing on abs, glutes, inner/outer thighs, hamstrings and lower back to leave you feeling stronger and more toned. No prior experience necessary.

**Fit & Firm** - Low impact class that uses a variety of equipment and offers modifications for different fitness levels.

**HIIT the floor** - A fun 45 minute interval class comprised of back to back high and low impact exercises. Through compound muscle toning and cardio burst movements in between, you're sure to HIIT your way to fitness goals in no time!

**RIPP** - Resistance, Intervals, Power & Plyometrics. Effective cardio routines interlaced with weights, resistance & power moves.

**Senior Fitness** - This class uses a combination of exercises to stretch all parts of the body to improve flexibility and muscle conditioning. Members use weights & bands to build strength and assist them with their functional fitness.

**TABATA** - High intensity interval training that uses bursts of high energy with short rests to maximize benefits. A total body, high calorie burning workout.

**Tai Chi** - Based on ancient Chinese practice this class focuses on slow movements & deep breathing in a series of graceful exercises to improve your balance, flexibility & concentration.

**Total Body Conditioning** - Work your muscles in every way possible in this class designed to build strength, add definition, increase your bone density & decrease your body fat by increasing your lean muscle! You will use hand weights, bars, bands & your own body weight to change the shape of your body. No muscle gets neglected in this class!

**Xtreme Cardio Fit** - H.I.I.T (High Intensity Interval Training) class that provides a total body, heart pumping, aerobic and strength conditioning workout. Interval based class that combines full body strength training with high intensity cardio bursts designed to tone your body, improve your endurance & clear your mind before the busy day gets started.
