

Together, we can create a better us.

Working with donors like you, the Y provides everyone the opportunity to be healthy and thrive, to connect with others, and contribute to a better community. Everything the Y does is in service of making us – as individuals and a community better. Together, we take on challenges that shape our community’s future in the following areas:

Enriching Youth & Families 

Helping children reach their full potential by providing high quality child care, educational opportunities and enrichment when school is out of session.

Water Safety 

Making families safer around the water by providing swim lessons and parent education in an effort to eliminate drownings and save lives.

Wellness & Recovery 

Combating chronic diseases, like youth obesity, hypertension and Type 2 Diabetes by providing health education, wellness and nutrition classes, support groups and partnerships.

Safe Spaces & Places for All 

Providing opportunities to keep Y programs and memberships available to all through outreach and support services.

RICHMOND HILL YMCA Annual Campaign Goal: \$60,000
