R.I.P.P.E.D: A fitness program that encompasses all aspects of physical fitness which R.I.P.P.E.D. is an acronym for: Resistance, Interval, Power, Plyometrics, Endurance and Diet. The first five components are taught in a 50 minute class, while the last component, Diet, can be found on the website. R.I.P.P.E.D. is designed for all fitness levels, allowing a gym novice and trained athlete to both feel an intense full body workout. (H.I.I.T.)

STEP ABOVE: Kame will push you with an alternating step aerobics and resistance class. The exercises give you an excellent, all-around workout in record time. Class concludes with abdominals.

Fat Annihilation Cross Training: Train your body to become a lean mean fitness machine using metabolic training. This circuit based class will boost your metabolism & specifically target fat rather just burning calories. F.A.X.T will not only burn fat during training but will continue to increase the bodies ability to burn fat for up to 48 hours after. (H.I.I.T.)

YOGA: WHY YOGA??? Yoga increases flexibility, decreases stress levels, improves cardiovascular health, improves fat burning, increases your strength, improves circulation, increases mental focus, and creates inner peace. All these are reasons to try it.

ZUMBA®: Join the party! Zumba® fuses Latin, international and world-beat music with easy-to-follow steps

CARDIO STRENGTH MIX: With a healthy mix of both cardio and strength, This class provides all the components for a full body workout. (H.I.I.T.)

Prepare for a 45 minute spin session that will push your cardio endurance and put NO IMPACT on your joints. Obtain your pass for the bike at the front desk and enjoy the ride.

CARDIO SCULPT: This class includes intervals of STEP and strength exercises. Natalie will challenge you in the aerobics room with intervals of weight training, core, cardio, and endurance training.
