LEARN & GROW AT THE Y

E-Camp FAQs:

Will YMCA staff assist my child with their assignments?

E-Camp is designed to provide your child the time and space to complete their virtual coursework. Our Y staff may be able to provide *some guidance*, but we will not be responsible for teaching lessons or monitoring individual progress. Please review all assignments and teacher communication channels with your child prior to E-camp.

Will we need to provide any additional supplies, tablets, etc.?

Yes, please send your child with their own device, including charger, each day to complete their required assignments. If your child needs physical supplies for an assignment (construction paper, markers, etc.) please pack those required materials for your student. The Y will not provide tablets/ devices for children.

Will you be able to print for my child?

Unfortunately, due to the volume of campers and potential volume of printed materials, we will not be able to print assignments for your child. Please print assignments and bring to E-Camp.

What if my child doesn't complete their work/ or completes their work early?

Our E-Camp schedule will provide half of the day for completing assignments and studying. If a student has not completed their work, they will still participate in the camp program and will need to complete assignments outside of E-Camp.

If a student finishes early, they may use the remaining time for independent reading, educational games and activities.

What will the schedule look like?

While this may change as we all adapt to virtual learning, our morning session will be dedicated to completing virtual school assignments. Campers will have space and time to connect with their teachers, complete assignments and read. Following lunch, campers will participate in active and engaging summer day camp program including free play, sports, games and STEM activities.

Is lunch provided?

YES! We are very excited to continue our partnership with Second Harvest of the Coastal Empire to provide free lunch to our YMCA E-Campers. Campers will need two snacks and a water bottle daily.

Will my child be required to wear a mask?

Yes, for the safety and security of campers and staff, we will require all campers to wear a facial covering while indoors.

If schools give the option to resume in-person instruction or continue virtually, will you continue E-Camp?

When in-person instruction resumes, the YMCA Before & After School Enrichment programs will continue. At this time, we do not plan to continue E-Camp when in-person instruction resumes.

Items to Bring to E-Camp: (Please label all items with student's name)

- Tablet/ Laptop
- Charger for device
- Any required materials for assignments (i.e. paper, printed materials, etc.)
- Swimsuit & Towel (we will visit the pool)
